This map will show you where we our Guesthouse located in Pattaya. We are right in the center of the city and close enough to where the city rocks with all of the action and yet far enough away to still relax for a while and just listen to the radio or or sip a milkshake or fruit smoothy. B I Guest-House prides itself on being the place where you can get good food delivered to your door or come down and enjoy a great American/European meal or even a great Thai Cuisine.
